LINEN SETS, DAMASKS, NAPKINS, ETC.

Although all Linen Goods have materially advanced, our large business compels us to buy from the Makers, which means placing orders far in advance of our needs. It was fortunate, for we own all our goods at the old prices—and as long as our contracts last, we will not take advantage of our foresight.

All Dinner and Lunch Sets Consist of Tablecloth and Dozen Matching Napkins

Colored Dress Goods

THE prices of wool fabrics have advanced materially during the past six months, owing to the scarcity of the raw material, and anticipating this advance, we placed a very heavy order with a manufacturer, recognized to be one of the largest in the world, thereby saving an advance on cost price of our goods averaging about 20 per cent. This has enabled us to offer values that can not be found elsewhere.

The assortments of the various staple lines will be found more complete than ever—no popular shade missing. Broadcloths, Venetian Cloths, Reversible Cloths and Camel's Hair Cheviots will unquestionably be the leading fabrics for Fall and Winter wear. The medium, dark and Oxford grays, castor, light, golden and medium browns, and Royal and French blues will predominate. In ordering from samples please make first and second choice.

BAILEY'S RIBBED BACK RUBBER—FOR LADIES

Three reasons why Bailey's Patent Rubber must commend itself to all who wear rubber shoes:

1. The heel having a ribbed back, it protects the clothing from becoming wet or soiled on the under surface by breaking the suction which two smooth surfaces create when wet.
2. The ribs being near together at the top and spreading over the heel to the bottom, serve to hold the rubber securely on to the boot and prevent it from slipping at the heel.
3. It prevents the breaking of the rubber at the heel, where it first gives out, and a short fit cannot be forced on the wearer. It also secures the shape of the rubber until worn out.

To those who do not Live in San Francisco

You undoubtedly know The Emporium by name. It is the largest store on the Pacific Coast—the grandest in its appointments in America. *Come and visit us when in the city.* No one will ask you to buy anything; no one will even look at you as if you were expected to buy anything. The great stocks are open to your inspection merely as things to see and admire and learn from. Service is ready the minute you express a desire to be served—never before.

Plenty to see—if you miss The Emporium, you miss an important city sight. Your grip or parcels checked free of charge at our Information Bureau, the attendant of which will tell you all about the points of interest in the city; give you information about railroads and steamboats, etc. Comfortable parlors to rest in, with free stationery, papers and magazines. Interesting entertainments in Exhibition Hall, Mexican Leather Workers—Oriental Bazaars with native attendants, Grand Concerts every Saturday night—and a thousand and one other interesting things to see.

OUR GUARANTEE MEANS JUST WHAT IT SAYS—YOUR MONEY CHEERFULLY REFUNDED IF YOU ARE NOT SATISFIED

PLEASURE TRIPS

A New Era brought about by Transportation Companies

IT MAY BE JUSTLY SAID of the present season that it marks an era in pleasure travel in nearly all parts of California, on account of the cheap rates which have been made by the transportation companies.

TO SEE OTHER WORLDS

The very latest movement is in behalf of the Mt. Hamilton trip. The combined managements of the Mt. Hamilton Stage Co. and Hotel Vendome in San Jose, have placed on sale in the Southern Pacific ticket offices of San Francisco, Oakland, Alameda and Berkeley, two round-trip tickets from these points, which include transportation and all expenses. One is a Saturday-Sunday ticket, for $8.00, which entitles the purchaser to a day and a quarter at Hotel Vendome in addition to the trip; and the other is good any day, gives a half day more at the hotel, and costs $8.50. This rate is really about one-third less than the regular cost, and should easily place Mt. Hamilton in the front rank of famous trips.

LAKE TAHOE FAVORED

The Southern Pacific has recently added an attraction to Lake Tahoe by establishing a ten-day rate from the Bay cities of $13.30, a reduction of twenty per cent of the regular season rate. It is also giving Saturday to Monday excursions for $10, which is indeed absurdly cheap.

VAMOS A MEXICO

Something new and quite out of the ordinary in the way of tours is an excursion to Mexico in a special train, which has just been announced by the Southern Pacific for November 14th. The rate from San Francisco will be $80, and from Los Angeles, $70. Other points along the line will enjoy proportionate rates. This excursion will be under the management of Wm. H. Menton, the Southern Pacific's well-known excursion agent, who is well acquainted in Mexico, speaks the language, and has arranged many incidental attractions.
